

# DIAMOND LEVEL SPONSOR

*Help Shape the Future of Concrete Pavement*

We are excited to introduce a new level of sponsorship that provides the most benefits and greatest impact of all sponsorship levels. Diamond Level Sponsors are uniquely important to ACPA/PA – *and the concrete pavement industry as a whole* – because their support goes directly towards funding our workforce development efforts as well as our proposed summer internship program.

Our “Intern for the Future” program is a valuable opportunity to introduce a young individual to the industry and to assign work that the Chapter believes would aid in promotion of concrete pavement, as a result, benefitting the entire industry.

In addition to helping support our summer internship program, your business will receive a wide array of benefits, including certain opportunities that are exclusive to Diamond Level Sponsors. For the first time ever, there is now a complete package that allows your business to benefit from a fully engaged relationship with ACPA/PA and all that we have to offer.

**The Diamond Level Sponsorship is exclusive to ACPA/PA Members and limited in quantity. Be sure to talk to us today about this special opportunity!**
